Objective: A passion for new technical areas and challenges. Looking for opportunities to work in a dynamic, collaborative environment to requirements, design, and code innovative software.

EDUCATION

Bachelor of Science in Computer Science (Junior)   GPA: 3.98/4
University of Texas at Dallas   Estimated Graduation: May 2022
Academic Excellence Scholarship (AES)

WORK EXPERIENCE

UT Dallas Office of Information Technology   Aug. 2020 – Present
Student Supervisor (part-time)   Richardson, TX

- Experience with **high pressure, dynamic situations** with a large degree of autonomy and ensuring Analysts are working efficiently and any major issues are reported
- Acting as the **second-tier support** and completely documenting all communications

UT Dallas Office of Information Technology   Jan 2020 – Aug. 2020
Helpdesk Analyst (part-time)   Richardson, TX

- **1850+ email replies, 850+ calls taken and 160+ chat sessions** over 7.5 months with   90% survey results showing great satisfaction with the service provided.
- Provided **direct IT support** to UTD students, faculty, staff, and affiliates
- Fully **documented** all support interactions for tracking and escalation purposes

RESEARCH/ PROJECTS

Comet Events *(HackUTD VI)*   Mar. 2020

An android crowd-sourcing app that allows students and organizations to create events making it easier for students to know what is happening around campus.

Roomie Match (*ACM projects*)   Aug. 2019 – Dec. 2019

A cross-platform app for helping university students in finding a roommate based on different preferences such as habits, budget, life situation, and more

Smart Surveillance System using Facial Recognition (*Independent*   Jul. 2019
Study and Mentorship)

Utilized Python to create a program that inputs images on regular intervals and runs a facial recognition algorithm to identify the identity of the person in the image.

HONORS/ACTIVITIES

The User Experience Club at UT Dallas *(President)*   Jun. 2020 - Present

- Doubled member attendance at events and collaborated with other officers to improve club's social media presence during the virtual semester
- Organized 20+ volunteer counsel to help sketch-note at one of the biggest UX Conferences in Texas (Big Design)
- Lead the club by integrating goals into informative events for our members
- Collaborate with local companies to host industry-related events and workshops
- Assisted the logistics and creative team with ensuring events are professional and informative

TECHNICAL SKILLS

Languages / Markup
- React Native
- Node.js
- Java
- C/C++
- Swift
- Python
- JavaScript
- Dart
- MIPS
- Scheme
- LISP
- HTML + CSS
- iOS dev

Frameworks/IDEs
- React
- Xcode
- Firebase
- Bootstrap
- Material UI
- Git
- Flutter
- Tensorflow

Data Structures
- Stacks
- Queues
- Linked lists
- Arrays
- Hashmaps
- Trees
- Graphs

MISC.

- Learn quickly and be productive in a fast environment
- Effective communication skills
